She stated we have received one guard application. Her class will be June 9<sup>th</sup> and 10<sup>th</sup>. We have also sold two pool passes.

Discussion took place on pool finances. Rates were lowered in 2019 but have not been changed back. Earlier this year it was thought to keep them the same but next year we would have to consider changing them back to the previous amounts.

Another item being looked is to place a levy on the ballot. The Fiscal Officer is to contact the County Auditor's office to see what a 1 mil levy would generate. It was thought to go ahead and proceed since the timing for getting both Resolutions to the County Auditor and the Board of Elections is getting close.

Mr. Patrick stated we need to add valves to the pool so that we are able to blow out the lines for the winter.

It was asked if the splashpad and concession stand would be open if the pool was not ready by Memorial Day? We are waiting to see if the weather cooperates on the install of the splash pad.

Administrator Burton is to contact Renee regarding the safe serve course.

Ms. Broderick stated she is waiting to hear from the benefactor before proceeding with the remodeling of the restrooms.

Administer Burton stated he is waiting on a quote for the grate, and needs to finish removing and replacing the caulk. He stated they will paint once the new caulk has been installed.

The pool handbook was passed out and everyone was asked to look it over and see if there was anything that needed changed.

It was stated that in the area of education and experience it should be changed as follows:

FROM: *Must be at least a Junior or a Senior of good standing in High School.*

TO: *Must be at least 15 with a work permit or 16 without a work permit.*

Additional review will take place and be discussed at the next meeting.
