

Planning Committee Meeting
6-17-20

Present: Randy Adams, Sue Redden, Tom Ruscnyk, Cassaundra Fryman, Susan Broderick

Purpose: Randy Adams proposal for his properties on North Street and Mary Fate Park Drive Randy handed out paperwork for his proposal to each person with an explanation. He wants to separate the big lot (basketball/parking lot) from the smaller piece where the building lies, on Mary Fate Park Drive. He has an interested party for the smaller piece at this time. He also needs an okay on the three parcels on North Street. One his son will build on, one he will build on, and the other he hopes his daughter will eventually build a residence. There was a brief discussion on the frontage needed per each lot and those are met.

The committee endorsed Randy's proposals as stated. Mayor Fryman and Tom signed the documents.

Randy brought up the need for a basketball court for children and also stated the Tennis Courts should be refurbished so the community could use them. Susan agreed and stated she had brought it up several times without support. Randy said the courts need resurfaced and new nets need installed; they shouldn't be left to decay. There are basketball hoops there as well.

Meeting adjourned at 3:25

*Respectfully submitted,
Susan J. Broderick*
